High School Adults

Begins Monday Evening

Classes which provide an opportunity for area adults to complete their high school education will begin at Grayling High School on Monday evening, September 8. Registration for the various classes offered is now in progress and area adults planning to attend classes are asked to come to the Community School Office and complete the necessary registration forms. This week, the Grayling Community School office is open from 9:00 a.m. until 9:00 p.m. for adult high school registration. For those who apply the credits toward their high school diploma, the classes are free. Classes being offered this fall at Grayling High School are U.S. History and Secretarial Training on Monday evenings, U.S. Government and a math/science course on Tuesday evenings, Literature and Secretarial Training on Wednesday evenings, and Woodshop and English Grammar on Thursday evenings. All classes are held at the Grayling High School and class time has been set at 6:30 each evening.

Beginning Monday evenings, September 15, the Grayling Community School Program in cooperation with Kirtland Community College will offer a wide variety of college credit classes at Grayling High School. Included in the line-up are Introduction to Business and English Composition on Monday evenings, Accounting II on Tuesday evenings, Business Law I, Introduction to Psychology and Accounting I on Wednesday evenings, Introduction to American Government on Thursday evenings and a class in Federal Income Tax which meets on both Monday and Thursday evenings. Persons who plan to enroll for college credits at Grayling High School are asked to call the Community School Office at 348-7841 and indicate their intentions so that appropriate preparations can be made for the first meeting of each class. Registration for the college classes will be completed the first night of each of the classes.

Annexation Hearing in Lansing

The adjudicative meeting which began on June 25th on the proposed annexation of territory in Grayling Township to the City of Grayling will be continued in Lansing on Thursday, September 18th. The meeting is scheduled for 11:00 a.m. at the Logan Center Branch Office, 3222 South Logan Street in Lansing.

The meeting is open to anyone who wishes to attend.

New General Services at KCC

Kirtland Community College announces the opening of the new General Services Center on its campus. This building is now housing most of the administrative offices, including Student Services (Admissions and Admissions Counselors, Dean of Student, Financial Aids Office, and The Special Needs Coordinator); The Business and Accounting Offices; and the President's Office (President, Board Room, and the Development Officer). Also included in this building are the Secretarial and Art classrooms. The maintenance shop, central duplicating, and shipping and receiving areas will be housed in the basement of the approx. 41,000 square foot facility.

The new General Services Center is located on the main Kirtland campus, and is off of Sunset Drive (County Rd. 603).

Rocket Football Set to Start

The boys and girls, age 8 to 13, who are participating in the Grayling Rocket Football League will be taking orders for "Pic 'n Pop" popcorn, starting Thursday, Sept. 4th in an effort to raise money for their Rocket Football League.

LAST DAY-Thursday, Sept. 4th is the last day to sign up for Rocket Football. Girls and boys between the ages of 8 and 13, may sign up at the Band Field behind the High School starting at 6 p.m.

Special Needs Coordinator at KCC

Ms. Carole Chilton, Roscommon, has been appointed as the Special Needs Coordinator at Kirtland Community College, effective August 25, 1980. Ms. Chilton was formerly the Veterans Affairs Coordinator at Kirtland.

The Special Needs Coordinator's prime responsibilities will be to expand the existing counseling and tutorial programs for vocational students who may be educationally disadvantaged or physically handicapped. She will also coordinate remedial learning activities for participants in the program, and will continue to serve the needs of the veterans on campus.

Ms. Chilton holds a Bachelors degree in Sociology from Edgewood College (Cincinnati, Ohio), and a Masters in Education (Teaching in the Community College) from the University of Michigan.

Michigan Economy Up, Despite Economic Woes

by State Rep. Ralph Ostling

Despite the sorry state of Michigan's economy, the tourist industry, one of our largest and most important, appears to be holding its own this summer.

According to "educated guesses" by officials in the state Department of Commerce's Travel Bureau, income derived from tourism this summer is up "one to three percent" over last year.

Those statistics are based on figures related to occupancy of state parks, personal contact with tourist-related businesses such as marinas, party store owners in resort areas and the number of persons who have crossed the Mackinaw Bridge, traditionally an extremely accurate indicator of the way things are going for the state's second largest industry.

The areas which have done

well this summer include Northern Lower Michigan, the entire Lake Michigan shoreline and the Upper Peninsula. Areas in southeastern Michigan have not done so well, though, state officials believe, because people are not camping overnight like they have in past years and, as a result, those immediate areas around recreational facilities are getting the vacationer's dollars for one day instead of two or three.

Officials in the Travel Bureau believe that people seem to be more price-conscious this year as well. They are becoming more selective about where and when they travel, and want to be assured that it will be a bright, sunny day before setting out.

While the Lower Peninsula is keeping its head above water, Upper Peninsula tourist-related

"Green Machine" Ready, But For Who?

Viking Ship Set To Sail Friday Night

by Joe Schrader

Will the 1980 Grayling Viking football team, dubbed the "Green Machine" last year during an exciting 7-2 season, be a legitimate Michigan Huron Shores Conference contender this season?

The answer to that question will begin to unfold when the Vikes take to the gridiron for their season opener this Friday night at the Viking Field. May start to unfold, that is.

Confusion about the identity of an opponent for Friday night has been mounting the past two

weeks after school officials learned that Harrison was forced to withdraw because of a school millage defeat. Since then, Athletic Director Mike Branch and Head Coach Bill Klinger have been combing the state for an opponent, but at presstime were still unable to say who the Vikes might face in their 1980 opener. "We may not know who we'll play Friday until sometime Wednesday," Klinger said over the weekend, "or if we'll play at all." Who the Vikes bump heads with this week hinged on the outcome of

millage elections in two school districts held yesterday. The right combination of wins and/or losses could even force Viking fans to search for something else to do this Friday night. It's just that much in doubt. Though Klinger declined to reveal the identity of the two school districts involved, he indicated they were located in the Traverse City-Cadillac areas. Ironically, and to further confuse matters, should both millage proposals succeed, the schools are scheduled to face each other this Friday night. So you figure it out from there.

In the meantime though, the JV squad, coached this year by Fred Wolcott and Chuck Spencer, will open this Thursday against a substitute opponent, West Branch Ogemaw Heights. Kickoff time for their home debut is 7:00 p.m., under the lights at the high school field.

The varsity squad concluded three weeks of tough, twice-a-day drills last Friday night with a trip to Coleman to scrimmage teams from Gladwin, Kalkaska and Coleman while the JV squad played host to the same three schools here at home.

"Nobody wins or loses in these exercises," Klinger, now in his fourth year at the helm of the Vikes, said while commenting Saturday about his team's

Hull Passes Broker's Exam

Jack Hull, Sales Associate for Miller-Christensen of Grayling, Inc., Realtors, and property manager for West M-72 Professional and Industrial Plaza, has successfully completed all the requirements necessary for a Real Estate Broker, and obtained a passing grade on his examination and is now a licensed associate broker with the firm, it was announced recently.

Hull is a partner with Miller-Christensen, and is a member of the Local, State, and National Association of Realtors, as well as The Michigan Farm and Land Institute of which he is a member of the State Legislative Committee. He also belongs to the Grayling Rotary Club, Grayling Area Jaycees and the Grayling Regional Chamber of Commerce.

Jack attended Oakland University, and has been a Grayling resident since 1952. He resides here with his wife Pamela, and his two children, Tracy and Todd.

Let me introduce you to Ann Giffin and you decide whether she is lucky!

She was born Ann Huon on November 2, 1909 in St. Louis. In her youth she was stricken with polio but the resultant handicap did not prevent her from marrying and she came to Grayling with her husband 39 years ago, in 1941.

Then she was involved in a serious automobile accident; spent a year in bed; then crutches; then walked for a few years; but finally was confined

CORNERSTONE LAID—in a brief ceremony attended by staff and board members, Sister Mary Hilda, R.S.M., Mercy Hospital Administrator, laid the cornerstone for Mercy Hospital's new addition. A variety of current items was sealed within the wall which may be opened in 100 years for future generations to see. Of significance also was the relocation of previous cornerstones from the original Mercy Hospital, as well as the one laid when the hospital was built on its present site. Assisting Sister Mary Hilda is construction bricklayer, Thomas A. Hinderleider of Grayling. Father Louis Ivandic, Mercy Hospital Chaplain, blessed the cornerstone and led the ceremony in prayer. Schools Open Focuses on Youngsters Hurt in Traffic

An average of five school-aged children were killed or injured daily in pedestrian traffic accidents last year in Michigan and most of those mishaps could have been avoided if motorists and pupils followed proper safety measures, reports Automobile Club of Michigan.

"Few things are more tragic than a young life being taken in a needless traffic accident," stated Robert Cullen, Auto Club's Safety and Traffic Engineering manager.

Auto Club is conducting its annual "School's Open-Drive Carefully" campaign to help combat child pedestrian accidents.

"Traffic accidents are the major cause of death for children aged one to 14," said Cullen. "Last year, nearly two-thirds of the 1,879 Michigan pedestrian deaths and injuries to school-aged children occurred to youngsters aged five through nine."

Beginning Sept. 3, the opening date for most Michigan schools, there will be 125,000 kindergartners going to school for the first time. There also will be almost one million elementary school pupils crossing streets, roads and highways.

Nearly nine of every 10 pedestrian accidents involving children occur during daylight, dusk or dawn—the hours when

many are going to or from school.

"While teachers, traffic engineers, researchers and law enforcement officials have concerned themselves with child pedestrian problems for years, the responsibility for a child's

Sibs for Kids Celebrity Golf Tourney a Success

SIBS FOR KIDS—Sibs for Kids Director, Bob Harrington chats with Gloria Kraus, Graylings Citizen of the Year just prior to teeing off in the Celebrity Miniature Golf Tournament held last week. (Michael Delp Photo)

Grayling's first Annual Sibs for Kids Celebrity Golf Tournament was described by Sibs for Kids Director, Bob Harrington as an unqualified success. The event was hosted by Mr. and Mrs. Skip Madsen at Milltown Miniature Golf on M-72 West on Tuesday, August 26th. Local celebrities in attendance included Grayling Mayor Sandy Thompson, Citizen of the Year Gloria Kraus, Superintendent of Schools William E. Diedrich, Irv McIsaac and many more. The winning score for adults was a scorching 34 posted by Doug Latuszek of Grayling and was followed by a 35 by Tim Lech of Grayling and a 36 by Larry Tomkinson of Flint. In

the Youth division Mark Fye of Grayling took the honors with a sizzling 37, followed by Jenni Branch with a 42 and her brother with a 44.

Threatening skies and hot, humid weather did little to dampen the enthusiasm of the participants, some of whom went around again.

Sibs for Kids wishes to express special thanks to all who came out or helped in any way. Special honors go to Skip and Gail Madsen who donated the use of their beautiful golf course and to Bob West of Milltown Boardwalk for donating the refreshments. Plans are to make this an annual event, so see you next year.

to a wheel chair for the last twenty years.

Her husband died eight years ago and she has lived at AuSagra Acres ever since.

Ann loves to travel; she loves music and finds pleasure in playing the kazoo in the Center's Kitchen Band; she loves people; and she loves animals.

Now, listen to Ann's words about the Senior Citizens Center:

"I am seventy years old and I live at AuSagra Acres, and the Senior Citizens Center is a real great place to be in. I like it here. We have a lot of fun, friendship and food. It is really nice here. It is one of the greatest things that ever happened in Grayling and I wish they had had it years ago."

"I am sure a lot of people feel

the same way I do.

"The Staff at the Center are wonderful. They really are very good. I have been in a wheel chair for twenty years and the Center means a lot to me. It is one of the greatest things that could happen to a handicapped person to have a good home, good food, good care, and kindness!"

I don't think you or I would feel Ann Giffin was lucky. I think we would feel very much the opposite.

But, Ann believes she is lucky-lucky because there is a Senior Citizens Center in Grayling; a place where she can find companionship, friendship, entertainment, care, and fun; all things which give meaning and satisfaction to her living.

Let's hope if you ARE lucky, and live to enjoy your "golden years" that there will be a Senior Citizens Center in Grayling to give meaning and satisfaction to your life.

Harry & Martha (Vollmer) Bloomfield, of Sun City, Arizona were here visiting her father William Vollmer, of Frederic and other relatives. While here they stayed with her niece, Stewart & Joan Rose & her sister, Evelyn Nugent of Grayling. While Martha was here it seems she lost a box of doughnuts. We all enjoyed your company, hurry back next year.

Mr. and Mrs. Ray Slusser were in Lima, Ohio, the weekend of August 23 to attend the funeral of Eunice's mother, Mrs. Eva Benroth, who had resided at Lima Manor for the past several years and passed away on August 20. Other members of the family attending the services were Raylene Slusser of Lansing, Dale Slusser of Madison, Wis., and Kyle Slusser and children of Memphis, Tenn.

On Sunday, Sept. 7th the Grayling Booster Club will be holding their Annual Family Picnic from 1 to 5 at the Enlisted Personnel Club at Camp Grayling. Election of officers will be held at 3 p.m. All paid up members and their families are welcome.

Mr. and Mrs. Kerry Clough and daughter, Nancy Marie, of Poolsville, Md., visited his parents, Mr. and Mrs. Arthur Clough, Sr., for a week. Kerry came to attend the 1965 Grayling High School class reunion. While they were here the Clough family and Akers family held a picnic at the Lake Margrethe home of the Cloughs. Kerry was also a guest speaker at Kiwanis on Monday, August 25. They will soon be moving from Poolsville to Denver, Col.

Senior Citizen Homemaker Service

Homemaker Services goal is to make life easier for the homebound and handicapped senior citizen over 60 years old. Handicapped is defined as the inability to perform daily household tasks. Other goals of Homemaker Services are to provide an alternative to institutional care (Nursing home or Foster care); To allow for shorter hospital stays or to stay at home in the event of illness or accident; to reduce isolation; to encourage family care when ever possible; and to provide a link with other community services to better enable the client to maintain independence. Our services provide light house-keeping chores, shopping, doctors appointments, prescriptions filled and whatever other chores that are necessary.

There is no charge for this service, however, if they can afford to pay we do accept donations. We hire 2 homemakers 20 hours each a week and one gentleman on \$1.50 stipend. We are funded \$6528 a year by the State and \$750 from the local community on aging, which is to be matched by client donations. We count on donations from the persons that can afford to pay so we can extend our services. Our program is about 16 months old and we are doing services for about 35 senior citizens.

If you need our services or know of anyone that does, please let us know by calling your Senior Citizen Center (348-9314), or better yet stop in and see us at 308 Lawndale.

Ministerial meeting

The Otsego County Ministerial Association will have its first meeting of the new season of activity Tuesday, September 9, at 9:30 a.m. Ministers of the Grayling area have been invited to attend this special meeting to be held at the United Methodist Church of Gaylord with Dr. John Bunce as host.

The officers of the association have arranged to have the Reverend Cornelius M. School-land, Chaplain Emeritus, of Grand Rapids, Michigan serve as discussion leader on the subject of ministerial challenges and functions. Chaplain School-land has served large pastorates in the Christian Reformed Church in Michigan, Wisconsin, Illinois, Washington and British Columbia.

During the Second World War he served his country as an American Air Force Chaplain. Even though he has retired from the active ministry, he is still much in demand as a youth and ministerial retreat and discussion leader. At the invitation of the president of the association, the Rev. Julius J. Vanden Hoek, all clergymen in the area are urged to attend.

the Heritage Committee, will be the liturgist. At the close of the service historical documents will be placed in the corner-stone, and it will be resealed, marking the end of the church's Centennial celebration.

The Michelson Memorial United Methodist Church was organized December 20, 1879. The land on which the present church stands was purchased in 1880, and the first minister was appointed in September, 1880. The church has been celebrating its centennial throughout 1980. It was the first church to be organized in Crawford County and therefore is Crawford County's oldest continuous church organization.

The church has gone through three denominational name changes since its founding 100 years ago. It was organized as a Methodist Episcopal Church (more commonly known as the M.E. Church). In 1939 the denomination merged with the two other main branches of Methodism, and the nationality Methodist Churches to form a denomination known simply as The Methodist Church. In 1968, the Methodist Church and the Evangelical United Brethren Church merged to form the present denomination, The United Methodist Church.

In its 100 year history, the Michelson Memorial Church has gone through a local name change and two fires, and is presently occupying its third building. The first church building was constructed in 1882. This building was torn down to make way for the second church building which was the gift of Nels Michelson to

the community, in memory of his wife Margrethe, and was built in 1981. Fire burned this magnificent building, along with the parsonage, to the ground on November 14, 1923.

The third church building was constructed in 1925, and Nels Michelson donated the last \$10,000 need for construction. Michelson died before the church was dedicated, and the congregation named the church Michelson Memorial Church in memory of both Nels and Margrethe Michelson.

The present church is the building built in 1925, with an addition for education added in 1958, and a remodeled sanctuary, following the church's second fire, May 3, 1977.

From Our Corner ...

What a way to greet Labor Day...meeting a deadline serves the of fella right, we should have gotten into some other racket without deadlines a long time ago...too late now, so we have to suffer with the fact...don't know why but we always seem to have the Labor Day ekks, it's a day different than other holidays...maybe, because it is the signal for the long winter months that we face is the reason...

We do have some solace...September and October normally are our two most beautiful months...with the changing of the leaves...the crisp nights and sunny days make living in the north country a pleasure...and then there is the start of high school sports even with the turgidity of school for many...that keeps the adrenalin flowing for both the athletes and fans in small towns like ours...

Seek, and thy shall receive so the saying goes...we did just that in last week's corner and got immediate results...last week we mentioned that we didn't know the progress of the Michigan State Highway Department had made on the project of fixing I-75 Business Loop from M-72 East north to M-72 West that is in dire need of repair both the road and curbing...

Last week our friend John Keir, Engineer-Manager of the Crawford County Road Commission stopped by the office and told us he didn't like to have us in the dark with anything going on with roads in the city or county and gave us the following...

State Highway construction for Crawford County in 1981 is as follows...

Resurfacing, including shoulders, on seven miles of M-93 from North Down River Road north to the end of M-93 in Grayling Township; completion, July, 1981. Lowest for four bidders, Lake Construction Co. Indian River, cost \$399,530.

Resurfacing, joint repair, base repair, widening of shoulders and upgrading of guardrail on seven-tenth of a mile on I-75 Business Loop in Grayling and Grayling Township from M-72 east, north to M-72 west; completion, August 1981. Lowest of four bidders, Rieth-Riles Construction Co., Battle Creek, cost \$217,239.

An idle thought...where did the Summer of '80 go?...seems like yesterday we were watching the Memorial Day parade and ceremonies...now we will be witnessing the falling of the leaves...

We had our T.C. family with us last week...T.J., Stef and the pony accompanied mom over for a three day visit prior to the school bells ringing next Wednesday...T.J. graduated last year from kindergarten and now will be an all day 1st grader, and Stef will begin her indoctrination into learning by attending Day Care a couple days a week...life certainly flashes by...

Another idle thought...this we have thought about for some time...do you remember when gas was 30-40 cents a gallon and you would pull in for a fill up and the attendant would fill your tank, check the oil and water, clean your windshield, and in cases check your tires...now, for a \$1.30 a gallon, you do it all yourself...

Referring to the above, we remember when we were in high school and a friend of ours had a Model A Ford...four-five of us guys would chip in a quarter and we would head up to Afton (that is near Onaway) for an evening of roller skating...now that much gas might get you to Frederic, but not back...

A young Grayling man of 57, small in stature at 5'5" and weighing but 145 pounds came into the office a week or so ago proclaiming he had accomplished some what of a herculean task...he states he moved 310 gallons of sand from his basement, which he is building, up 10 steps to the yard in what must be a record time of 2 hours and 39 minutes...he also stated he wished to remind the handicapped that he has had three operations on his left arm, a bone graft from his right hip, plus other surgery...he believes all things are possible, when the mind is set to it...enough said...

We would like to thank the ones who snipped the wire off our antenna behind the Avalanche...we're sure it must have been in someones way to have something like this happen...

The Labor Day ekks finally caught up to us...we're going to call it quits for this week and turn this turkey over to Renna for typesetting...our staff can't figure it out why they can't have a three day weekend all the time...we won't mention our thoughts...have a nice weekend, as we start into fall...

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

23 Years Ago
September 5, 1957

The Oscoda favorites, Ralph Sawyer and Jerry Wagner, took an early lead in the 11th running of the Michigan Canoe Championships last week and maintained their advantage to a victory in the elapsed time of 17 hours and 35 minutes.

Sawyer, 20, and his new teammate, Wagner, 27, missed last year's record time by over a half hour. Both young men blazed low water for their slower time.

Finishing second was a duo from Minneapolis, Minn., Tom Estes, 29, and Buzz Peterson, 29. The pair just fresh from a win in a Canadian canoe race at Shawinigan Falls, Quebec, pushed the winners all the way but could not quite catch up.

John Stephan, 22, of Grayling and Jack Kent, 26, of Atlanta, were third in the time of 17 hours and 44 minutes.

Another Grayling team, Jay Stephan, 31, a three time winner of the race in earlier years, teamed with Jack Kolka, 23, to take fourth in the race. The Grayling team started in ninth position and held their own throughout the long night. With the coming of daylight, they started moving up to finish well up the list.

As a result of their victory, Sawyer and Wagner received a check for \$1,000 and the Tom Marston Memorial Trophy for one year. The second place team received \$500; third place was worth \$200; and fourth, \$100. Fifth through eighth places paid \$50 each and ninth and 10th places paid \$25 each.

Mrs. Tom Robertson and son Eddie attended the Charlotte Fair last week, and also visited Eddie's grandparents, Mr. and Mrs. John Robertson at Hubbardston, and other relatives.

Miss Barbara Trudgeon, who recently graduated from nursing school in Detroit, is here on an extended visit with her brother and family, the Jack Trudgeons.

Mr. and Mrs. Bruce Smith and children spent Thursday in Traverse City. The day before they entertained Mr. Smith's parents, Mr. and Mrs. Clyde Smith of Mancelona. On Monday of last week Mr. and Mrs. Paul Hagens and family of Frayton Plains spent the day.

Guests of Mr. and Mrs. Fred Bear over the weekend were Mrs. Caroline Piper of Detroit and daughter Miss Carol Piper of Vienna, Va., who were here to attend the Piper-Jarrad wedding on Saturday.

Mrs. A.J. Sorenson and daughter Marcia, Miss Jeanette Henig, Mrs. Jack Cook and son John, Mrs. Robert Hayes and daughter Susan, and Mrs. Willard Cornell and daughter Nancy all enjoyed a visit to the Fair at Traverse City Wednesday of last week.

Arthur J. Wakeley and twin sons Arthur and Joe spent last week in Detroit visiting Mr. and Mrs. Ralph Marsh.

Labor Day weekend guests of Mr. and Mrs. Don Jansen were Mr. and Mrs. Eugene Whelton and children, of Freeland. Mr. and Mrs. Allen-Frost and children of Saginaw were recent guests. The Jansen children, Kay and David, spent last week in Saginaw visiting their grandparents, Mr. and Mrs. William Horn, and other relatives.

Miss Mildred Corwin, who has been spending the summer with her parents,

Mr. and Mrs. Nels Corwin, returned to Lansing Friday to resume her teaching.

Andrew Barber of Beaver Creek left Saturday for a two weeks visit at the Century of Progress in Chicago, a reward for receiving the highest marks in the State eighth grade examination for Crawford County. The boy makes his home with his grandparents, Mr. and Mrs. Andrew Charley.

Mr. and Mrs. A.J. Joseph and son Billy left Wednesday for Detroit to spend a few days visiting her sister, Mrs. Oscar Lubnau. On their return they will be accompanied by Mary Jane who has been spending the past week visiting her aunt.

Miss Dagmar Juhl is in Chicago visiting relatives and attending the World's Fair. Her parents, the Rev. and Mrs. Hans Juhl, accompanied her as far as Cadillac.

Bobby Hanson is spending this week in Detroit visiting his sister, Mrs. John Libbke.

Miss Louise Herbison and Mrs. Ingeborg Hanson spent a few days last week in Chicago, where they attended the World's Fair.

Mrs. Augusta Walt and her sister and husband, Mr. and Mrs. Wilfred Cohen of Detroit enjoyed the weekend at her cottage at Lake Margrethe.

Marius Hanson left Wednesday for Big Rapids where he will enter Ferris Institute for his last year in pharmacy.

Bob Church, twelve year old son of Mr. and Mrs. Calvin Church, is proud of having caught a big fish at Lake Margrethe Saturday morning. It was a great northern pike, thirty inches in length and weighing seven pounds. Bob says this isn't a fish story either.

Mr. and Mrs. Roy Trudgeon left Tuesday for an auto trip through the east, visiting Niagara Falls, New York and other eastern cities. They will be away for about two weeks.

A farewell party was given at the home of Mr. and Mrs. James Smith at Frederic last Thursday, which was attended by a host of friends. Mr. Smith and wife have purchased the McKay house in Grayling and we are glad to welcome them among our citizens.

R. Leitz, of the firm of Leitz Bros., tailors, was in AuSable the first of the week, on business.

Chief Justice Blair and family, who have been spending the summer at Portage Lake, returned to their home in Lansing Monday.

The first house built in the township of Maple Forest, in this county, was destroyed by fire last week, Friday. The older settlers of this section will recognize at once that it was the home of "Uncle Jerry" Sherman.

A new bank has been established at Frederic, called the Frederic Bank. J. Meddick is cashier.

Mr. Morley, of Morley Bros., wholesale hardware, of Saginaw, was in the city yesterday. His family are spending the summer at Morley's Lodge, near Lovells.

Harry Oaks arrived home Tuesday from Lansing, for a short visit with his parents.

C.W. Ward has purchased fifty head of sheep for the fruit farm near Lovells.

Misses Elizabeth and Marian Salling left last Monday for New York on a pleasure trip. They are with Mr. and Mrs. Fred Burden of Detroit.

POLISH STRIKE LESSONS

If Communism is geared to serve the working class more than the rich, why the worker strikes in Poland today? Why the "Bread riots" in 1970? Why the "Bread and freedom" riots in 1956? Poland is not the only Communist country which has undergone such strikes. Remember Hungary & the 10,000 killed by the Russians when they invaded Hungary to put down a worker's strike? Remember East Germany and the 17 Soviet Army divisions which ended worker revolt in 1953? Remember Czechoslovakia in 1968? Russia still has 5 divisions in Czechoslovakia to keep Communist control.

"Blessed is the nation whose God is the Lord; and the people whom he hath chosen for his own inheritance." Psalm 33:12. Communism cannot abide under God's blessing and deny His existence. Famine and food shortages have always followed

those nations which deny God. It is no accident that the United States of America has had a food surplus problem for generations. It is no accident that free-enterprise or a capitalistic economic system made us the richest nation on the face of the earth. It is no accident that our nation has suffered growing economic problems since we have compromised the basic principles which have made us great.

The removal of Bible reading and prayer in our government schools can be seen in the decline in morality, discipline, respect and general attitudes. Replacing the "work ethic" taught in the Bible for a socialistic approach has destroyed the incentive of reward for labor. If you work very, very hard, the government will take it in taxes. If you stop working, the government will give it back to you. So, the rich get richer, the poor get poorer and the middle class pay through the nose!

May God help us in America to retrace our steps and take back the years the locusts have eaten. It is time for us to examine our beliefs and practices in light of the Bible and the U.S. Constitution.

"Righteousness exalteth a nation: but sin is a reproach to any people." Proverbs 14:34. Let us give God the credit for our past greatness. Let us blame Atheism, Socialism, and Humanism for our present failures and confusion. In the name of equality we are made inferior. In the name of freedom we are placed in bondage. In the name of peace we are filled with tumult and strife. In the name of growing hope we are faced with growing despair. Our nation is coming apart! Our homes are coming apart! Individuals are coming apart! It is no better in Poland! May God help us to remember "sin is a reproach to any people", and "Righteousness exalteth a nation." A return to morality and right is long overdue in America. (adv.)

Political Signs on Electric Poles a No-No

Prudenville—Attaching political or other signs to poles that carry electricity violates laws in many communities and endangers electric linemen, G.L. Brown, Area Manager, Prudenville, of Consumers Power Company said today.

"As the political campaigns of 1980 heat up, we have noticed that more and more political signs are being fastened to our electric distribution poles," Brown said.

"Some communities in this area have ordinances making that illegal. But beyond that, attaching signs poses a threat to the safety of our linemen."

"We use bucket trucks more now to work on lines, but we still must climb poles under certain circumstances. If a lineman's climbing gear strikes a nail or other piece of metal that was used to attach a sign, he can be misled into thinking his spike is set firmly into the pole. This could result in what we call a 'cutout' and the lineman might fall, with serious injury a possible result," Brown said.

The same danger exists from the posting of signs for garage sales, auctions or other purposes, he added.

"Please remember that our poles are private property and that they serve the general public," Brown said. "Using them for political purposes violates company policy and could result in a fine if the community has a law against this. But beyond that, the danger to our linemen is of greater concern."

State law also prohibits posting of signs on utility poles within state highway rights of way, he said.

Tax Proposals—What Would Happen If...

by Rep. Ralph Ostling

Three property tax proposals will appear on the November ballot: 1) the Legislative proposal; 2) the Tisch proposal; and 3) the Smith-Bullard proposal. If adopted, any one of them would significantly change the property tax structure.

You can pull the level for all of the proposals, if you wish.

If more than one passes and they conflict, the one with the most votes would prevail. There is no tract record as to how the courts would decide what constitutes a conflict or whether a conflict in one area would mean the proposals inherently conflict. However, the Legislative proposal was specifically written to conflict with the Tisch proposal; specifically if the allowed proportion of true cash value is reduced below 50 percent—as the Tisch amendment proposes—the exemption offered by the Legislative proposal would not take effect.

Here's a rundown on the three plans:

The Legislative Proposal
This proposal would provide about \$750 million in property tax relief in 1981 by offering a \$7,100 state equalized valuation (SEV) exemption on homesteads except mills levied for debt services. The state would make up the lost revenue through an increase in the sales tax from 4 percent to 5.5 percent.

It would also:
—prevent the collection of sales or use taxes on residential purchases of energy sources after Jan. 1, 1985.

—allow homeowners to figure their property tax credits before subtracting the \$7,100 SEV. Presently, under the state's "circuit breaker" program, homeowners are refunded 60 percent of their property taxes in excess of 3.5 percent of their household income.

—allow renters to receive \$140 in lieu of direct property

tax relief. On the average, the \$140 will more than compensate renters who make less than \$20,000 a year.

—specifically earmark any excess money collected through the increase in the sales tax for additional property tax relief; on the other hand, if revenue raised by the increased sales tax is not sufficient to cover the

cost of the proposal, state and local government must share the loss proportionately.
—stipulate that the \$7,100 SEV exemption will increase at the same rate as agriculture and residential property assessments statewide.

Tisch Proposal

The intent of the Tisch proposal is to cut property taxes in half statewide based on 1978 levels, at a cost to the state of about \$1.7 billion, nearly half of its operating budget.

The proposal also requires the Legislature to reimburse local units with the same amount of money collected in local property taxes, except that amount collected to fund bond indebtedness.

Local units will automatically lose some revenue under the Tisch proposal because assessments will be based on 1978 levels; assessments have increased over 20 percent since 1978.

Other areas of the proposal intended to provide property tax relief include:

—prohibiting the Legislature from imposing any new tax or increasing any tax after 1978 without 60 percent voter approval.

—limiting the state equalized value of property to 25 percent of its true cash value beginning December 31, 1980.

—further reducing property taxes another 50 percent for persons earning less than \$10,500 a year.

—exempting persons over 62 years of age and renters from having to contribute to the school operating millage.

—allowing inflationary increase in the assessed value of property, except residential and agricultural beginning on the last day of 1981. Residential and agricultural property assessment increases cannot exceed more than 2 percent a year.

The Smith-Bullard Proposal

This plan is designed to bring about property tax reform via fundamental changes in public school financing.

The proposal's aim is to bring about "equal opportunity of access to, and experience of, quality educational programs."

The "proposal sets" specific millage limits for local units that add up to a maximum of 13 mills. However, with voter approval, these millage limits could be increased to 24½ mills, replacing the existing 50 mill limit.

Despite the 50 mill limit, the state average millage rate is 53.6 mills because many local units and taxes levied for bonded indebtedness are not included in the limitation.

Some other key provisions of the Smith-Bullard plan include:

—allowing the Legislature to impose a uniform ad valorem tax of up to 30½ additional mills on all commercial and industrial property to support K-12 education.

—directing the Legislature to establish a general taxation program and place it in the same fund as the 30½ additional mills. The Legislature would distribute the money in the fund equally for each pupil in the state. Revenue from the school aid fund could also be transferred to this fund.

—requiring the Legislature to provide for a local income tax option.

—providing for a millage rollback by class.

—exempting from taxation the first \$25,000 (as annually adjusted for inflation) of the homestead of retired persons 65 years of age and older.

STIR FRIED PORK

- 1½ lbs. cubed pork shoulder
- 1 egg
- 2 tablespoons water
- corn starch
- ¼ cup vegetable oil
- ½ cup chicken broth
- ¼ cup soy sauce

Tip the pieces of pork into the water and egg mixture—then coat each cube of meat with cornstarch. Heat oil in a wok or large skillet. Add your pork a bit at a time and brown. Remove pork and keep warm while you brown the remaining pieces. Return all pork to the skillet and lower the heat. Add chicken broth and soy sauce. Cover pan and cook pork over low heat 30 minutes. Serve with boiled rice and stir-fried vegetables.

 directions before walking across an intersection, keeping from between parked cars and obeying safety patrol or crossing guards.
 •Choose the safest route for your child even though it may be a little longer. Consideration should be given to streets with low traffic volume and controlled intersections (traffic light, safety patrol, adult crossing guard or police officer).

•Dress children in light-colored clothing for maximum visibility.
 •Instruct children always to use the sidewalk or to face traffic when there isn't one and to watch for turning cars even when the traffic signal turns green.

"If your child rides a bus," said Cullen, "walk with him to the bus stop and tell him to cooperate with the driver."

"Since young children are very impressionable, parents should set a good example by following safe pedestrian rules."

Auto Club urges motorists to use extra caution and to "expect the unexpected." State law requires drivers to stop at least 10 feet behind a bus when it is loading or unloading.

As part of its "School's Open-Drive Carefully" campaign, Auto Club is distributing safety posters, bumper stickers, 8,000 ponchos, 9,500 badges, 10,000 belts, 68,000 training booklets and other safety patrol supplies to schools throughout the state. Free bumper stickers and placemats are available at Auto Club's 55 branch offices.

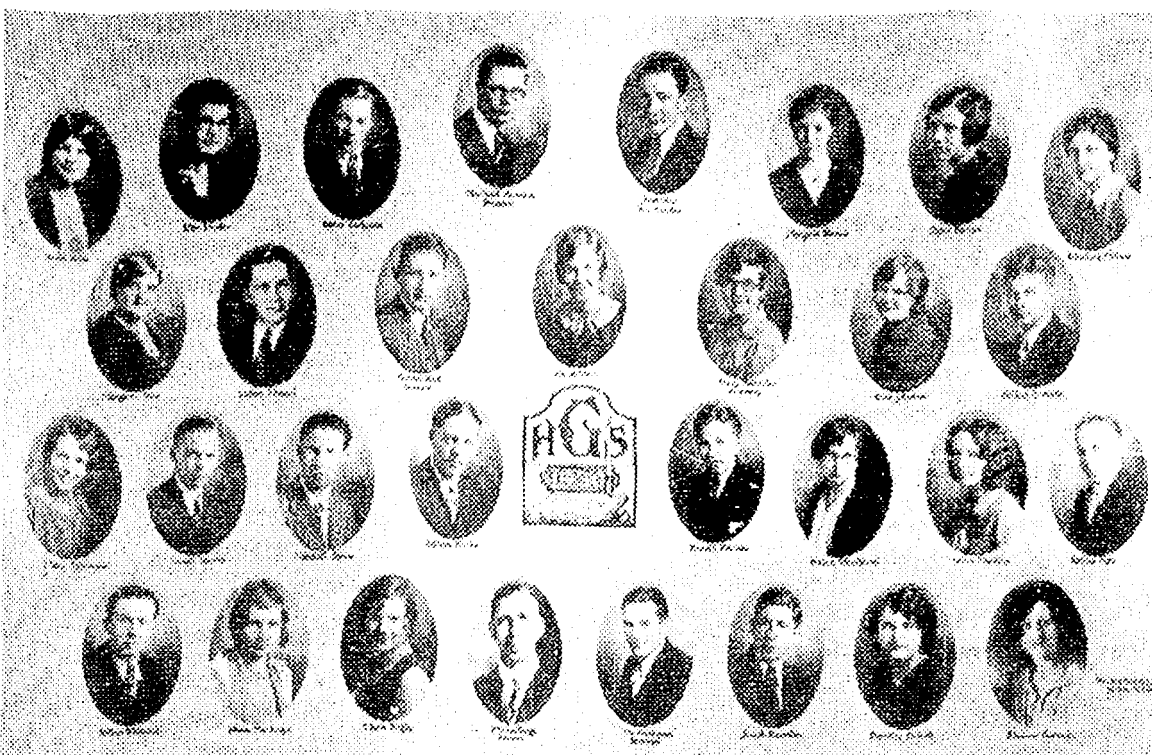

Services Held For Leslie E. Brown

Leslie E. Brown, 50, a resident of Frederic since 1973, died Monday, August 25, 1980, at Mercy Hospital in Grayling.

He was born in Kalkaska County on July 1, 1930, the son of Lewis and Lila Corey Brown. He was a veteran of the Korean Conflict, and a member of the Grandville V.F.W. Post, and the American Legion Post 106 in Grayling. He was also a member of the Grayling Moose and Eagles.

Surviving are his mother, Mrs. Lila Brown of Kalkaska; 3 brothers, Robert of Kalkaska, and LeRoy and Raymond both of Leslie; and several aunts, uncles, nieces, nephews, and cousins.

Funeral services were held at 1 p.m. Thursday, August 28, 1980, at the Schwartz-Wolfe Funeral Home, Kalkaska. Rev. Robert Taylor, pastor of the Frederic Baptist Church, will officiate. Burial will be in Excelsior Township Cemetery, Kalkaska County.

ALUMNI NEWS—Class of 1930—This week, we refresh your memory of the special "Golden Class of 1930"...in alphabetical order, they are...Clara Bugby David, Art Curnalia, Don Emory, Eleanor Gorman Hunter, Elsie Johnson Stilling, Dorothy Hoesli Mallinger, Effie Hunter Giester, Joseph Kesseler, Mary Mahncke Craig, Marie Mallinger DeWitt, Grace Parker Stebbens, Elizabeth Matson, Gordon Pond, James Post, Mary Schumann Bauer, Tressa Vallad Stephan, Margaret Warren Pardee, Arthur Williams, Helen Woodburn Mick...Deceased from this class are...Margaret Fehr Clise, William Kolka, Don Koivenen, Walter Korhonen, Helen Lietz Miller, Leona Markby Jehn, Arthur May, Devere Schmidt, Thorvald Sorenson, Marshall Sisco...Incidentally, this class of '30 produced some baseball and basketball greats, both female and male. We had an acknowledgement of a gift that had been donated to the Crawford County Library. Dr. Ethel Pierce, Class of '27, gave "Norman Rockwell's Magazine Covers" in memory of deceased members of her class. Very appropriate and we thank her. (by Clara Sorenson)

Kirtland Garden Club Annual Tea

The Kirtland Garden Club will hold its Annual Tea and Installation of Officers on Monday, September 8, at 1:30 p.m. in the Fellowship Hall of the Congregational Church of Roscommon. Special music for the occasion will be presented by Mary Loughray and Esther Dresbach on piano and violin. An invitation is extended to anyone in the community who loves flowers and gardens and good friends to join them for this occasion and to consider joining the club.

The Club meets the second Monday of every month, in the Fellowship Hall of the Congregational Church, usually at 1:00 p.m., or earlier for special occasions. There are workshops, on dried and fresh flower arranging; special trips and tours in the area to see some of the natural or man-made beauties that are a part of our environment.

The Club has had special projects like the COOR Flower Garden, Memorial Bench and Garden in Higgins Cemetery, Roscommon County Fair Booth, Art in the Park for Plant lovers, and support for the Houghton Lake Historical Society in its efforts to save and restore some of the old-time treasures of our area. A large group of members are from the Houghton Lake area and friends from Grayling and St. Helen areas are invited to join the Club.

Several of the members go South for the winter and are welcomed back with open arms for the spring and summer season.

Kirtland Garden Club was formed in 1976 with the efforts of Mrs. Willard Bosserman, who was the first president. The name was chosen as symbolic of the desire to include the surrounding areas in the neighborhood membership.

In 1978, Mrs. Alma Boyd Burnett became president, and she has been re-elected twice, now being installed for the 1980-81 season. Mrs. George Kestenholtz will be the new vice-president, and temporary secretary, and Mrs. Arthur Cronin will be treasurer.

For further information, call Mrs. Laura Krall, phone 366-7826, in the Houghton Lake area, or Mrs. Arthur Cronin, phone 275-5426, in the Roscommon area.

Broom Care

The Crawford AuSable School District today announced its policy for Free Meals and Free Milk or Reduced-Price Meals, for children unable to pay the full price of meals and milk served under the National School Lunch, School Breakfast, Special Milk Program, and U.S.D.A. Donated Foods Programs.

Local school officials have adopted the following family size and income criteria for determining eligibility.

TOTAL FAMILY SIZE	A. SCALE FOR FREE MEALS AND FREE MILK	B. SCALE FOR REDUCED-PRICE MEALS
1	5,230	8,150
2	6,900	10,760
3	8,580	13,380
4	10,250	15,990
5	11,930	18,600
6	13,600	21,220
7	15,280	23,830
8	16,950	26,440
Each additional family member	1,680	2,610

These are the Income Guidelines effective July 1, 1980.

Children from families whose income is at or below the levels shown are eligible for (free meals and milk, or reduced-price meals). In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

To discourage the possibility of misrepresentation, the application forms contain a statement above the space of signature certifying that all information furnished in the application is true and correct. An additional statement is added to warn that the application is being made in connection with the receipt of Federal funds, that school officials may, for cause, verify the information in the application, and that deliberate misrepresentation of information may subject the applicant to prosecution under applicable State and criminal statutes.

In certain cases, foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, it should contact the school.

Children of unemployed parents may qualify for free or reduced price meals and/or free milk if total family income includes welfare payments, unemployment compensation and sub-pay benefits fall within the prescribed family income guidelines.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, creed, color, or national origin.

Training Director Named

President Raymond D. Homer is pleased to announce the appointment of Marian L. Hennigar to fill the position of Training Director for the Northeast Michigan Public Officials Training Program. This program is funded under a technical assistance grant from the Upper Great Lakes Regional Commission. It will provide for specialized training in economic development skills for local officials of Northeast Michigan.

Ms. Hennigar is a lifelong resident of Northeast Michigan, coming from the Oscoda area. She holds a Bachelor of Science Degree in Public Administration from Eastern Michigan University and a Master of Science Degree in Public Administration from Eastern Kentucky University.

Prior to coming to Kirtland, Marian worked as a Land Law Examiner and Training Instructor for the United States Fish & Wildlife Service, and Supervisor of the Learning Resources Center at Eastern Michigan University.

She will be conducting both intensive short courses and one or two day seminars and workshops throughout the 14 counties of Northeast Michigan. These counties include: Alcona, Alpena, Arenac, Cheboygan, Clare, Crawford, Gladwin, Iosco, Montmorency, Ogemaw, Oscoda, Otsego, Presque Isle, and Roscommon.

Kirtland's primary posture in the training program will be that of a broker/facilitator and will coordinate all activities with state agencies, governmental organizations such as

MAC, MTS, and Municipal League and other agencies and colleges in the Region.

An Advisory Task Force will be established to help develop program priorities and facilitate the pooling of technical resources. The program will become part of the recently established Northeast Michigan Economic Development Center at Kirtland.

For more information contact: Marian Hennigar, Training Director, Economic Development Center, Kirtland Community College, Rt. 4, Box 59A, Roscommon, MI 48853; (Tel. 517-275-5121)

Dedication at Roscommon

Dedication of Michigan Firemen's Memorial will be held in the village of Roscommon, Saturday, September 20th. Parade will begin at 12 Noon, with dedication ceremonies to follow.

Entries for parade are welcome. Awards will be presented for floats. For further information re: floats and/or parade, phone 517-275-5389.

Michigan State Firefighters Association.

McReynolds Receives Banking Degree

Gerald E. McReynolds, Vice-President, Roscommon State Bank, was awarded a diploma of Wisconsin-Madison, on Friday evening, August 22, 1980. Graduation required attendance at three annual sessions on the Madison campus and the satisfactory completion of extension problems between the resident sessions.

The School is sponsored by the Central States Conference of Bankers Associations consisting of bankers associations from 16 Midwestern states.

The present high standards of banking service will be enhanced by attendance at this specialized banking school.

The faculty of over 150 instructors included bankers who are specialists in their respective fields, practicing attorneys, business executives, economists and members of over a dozen university and college faculties. The instructors are among the most competent men in their professions. Many of them are nationally known authorities in their special lines and come from all parts of the United States.

Dr. Herbert V. Prochnow, Former President of the First National Bank of Chicago, is Director of the School.

Political conventions bland

RICHARD MILLIMAN

The 1980 presidential nominating conventions are now history, and the most remarkable aspect of both of them is their blandness.

That opinion is shaped by watching both events on television, and reading about them in daily newspapers, columns and magazines.

The pervasive coverage blanket of the media—especially television, with all its necessary paraphernalia and obligatory over-staffing—assured that something of importance was going on at the two conventions. If it wasn't important, why would all the media be so obsessed?

So Republicans first, then Democrats tried mightily to provide some excitement, or at least something to attract millions of viewers and listeners to the free television and news exposure.

To me, it seemed that's all the two conventions turned out to be—contrived events, tailored to fit the time and space available.

Certainly little political games were played along the way...like the Ford-Reagan vice presidential negotiations in Detroit, and the Kennedy rules fight and platform performance in New York.

But the fact remains, the ultimate decisions were made some time ago, and nothing of significance was left to the happenstance of the political sideshow of a national convention.

The basic decisions, by the way, were carefully and thoroughly constructed, brick upon brick, so to speak, vote upon vote, delegate upon delegate, through the primary-and-caucus-and-state conventions system of picking delegates.

These basic decisions—that is, the nominations of Governor Reagan and President Carter—were not to be disturbed by some late breaking events. That's why the Kennedy rules fight was doomed at the outset, and in essence was an exercise in wheel spinning.

Of course, it is highly likely that Senator Kennedy and his friends pursued the rules fight for reasons entirely alien from wanting to change the rules for 1980 convention.

Personally, I embrace the explanations to position himself for 1984. At this

point, 4 years before the 1984 convention (but only two years before the 1984 presidential campaign will start), Senator Kennedy is in enviable position to walk off with his party's nomination.

Either by design or by chance, his actions at the New York conventions—focusing attention on Kennedy and his fight for open decisions, battling for liberalization of the platform in economic areas, a bell-ringing speech in which he came off like the conscience of his party or even the nation—all dovetailed to enhance his 1984 potential.

If Mr. Carter loses to Mr. Reagan, then Senator Kennedy automatically fills the void at the Democratic summit; if Mr. Carter wins again, then there will be a bit more tussle in 1984, probably with Vice President Walter Mondale at the head of the Carter forces, but even so, Mr. Kennedy is still out front.

The whole thing is so neat that it's difficult to believe it came about by accident; very few things happen that way in politics.

Other than watching the development of Mr. Kennedy's 1984 positioning, the recent New York convention was equally as bland as the Republican show in Detroit, if it had been shorn of the Ford vice presidential drama—another exercise, incidentally, which was doomed from the start.

It's obvious Mr. Carter has some fences to mend in his own back yard in various directions—among some minorities, among some labor union groups, among some liberals, among some other party leaders.

But it's obvious that Mr. Carter and his strategists possess uncanny political skills, which have been called into play repeatedly when needed during the past five years.

Now that the preliminary events are out of the way, the real political battle begins in earnest. Despite intermittent evidence to the contrary, in Mr. Carter and Mr. Reagan, the nation will see two candidates unsurpassed in political gamesmanship and skilled in image projection.

It should be quite an election campaign.

Grayling Little Leagues Travel to Three Rivers

by Mike Shearer

After the Three Rivers Little League All-Star team visited Grayling a few weeks ago and getting a taste of our Northern hospitality, our Grayling boys made a return trip to Three Rivers, a town 250 miles southwest of here.

Arriving in T.R. with time to spare, the boys went swimming at Pleasant Lake, near the former home of Grayling coach Mike Shearer. After devouring some grilled hot dogs, the Grayling boys went to town to play a hard game of ball, but fate was not on our side, as the Three Rivers team, making up for the 10/6 loss they suffered at our Millikin Field, narrowly defeated our Grayling boys 8/6.

Barry Methner was tagged for the loss as he, along with the pitching abilities from Buzzy Partello, Claude Halstead, and Jon Meagher combined their talents in striking out 9 batters, walking 5, and allowing 8 runs on 7 hits. Big sticks for Grayling were Barry Methner with a home run, a double, and a single; Jon Meagher, Claude Halstead, Buzzy Partello, Scott Robinson, Jack Clark, Chuck Johnston, and Lacy Stephan—all with singles. Bill Reichelderfer was hit by a pitch, and Dave Nielson hit out each of the 5 times he was at bat. Sharing the catching chores and doing an excellent job were Lacy Stephan and Scott Robinson.

Pitching chores for T.R. were handled with skill from Jeff Rudd, Dave Lewis, Joe Wilkins (Red Sox), Tim Dufort (Red Sox) and Tim Stockdale. They compiled a record of 7 strike outs, 8 walks, giving up 6 runs on 10 hits. Big bats for T.R. were Charlie Parks with a single and a double, Scott Sayer

with a single, Bucky Feister (Red Sox) with a single, Chandler Hutchins with a double, and Joe Wilkins with a pair of Singles. Doing a fantastic job of catching for the Three Rivers Team was Bucky Feister of the T.R. Red Sox, and Chandler Hutchins of the T.R. Dodgers.

After the 9 inning game was over and both teams showed true sportsmanship by shaking hands, the Grayling boys went to the homes of their hosts to spend the night. Getting up early and meeting at 7:00 a.m. at the McDonalds Restaurant in T.R., the Grayling Team, along with some Three Rivers boys journeyed to the Great America Amusement Park, located 45 miles North of Chicago, where the DEMON (a new roller coaster) awaited them. Spending a fun filled day there, the boys returned once again to T.R. and spent the night with their new friends. After spending all day Sunday swimming and water skiing, the Grayling Little League All Stars, along with chaperones Mary Partello, Coach Dan Sattler, and Coach Mike Shearer returned home.

After traveling 900 miles in 3 days, the boys were exhausted and tired, but with newly made friendships and long-lasting memories. And as the boys were dropped off late that Sunday night, each boy was heard to say those 4 words that make something like this trip worthwhile: "Thanks coach, for everything."

A special thanks is extended to Don Millikin for his support in making the trip possible.

X-Ray Clinic Opens In Roscommon

Dr. Modesto Lorenzo, Doctor of Radiology, announced this week his opening of an X-Ray Clinic at 207 Terrace, in Roscommon on Thursday, September 11, 1980, an open house for the public will be held the same day from 4:00 to 6:30 p.m. He stated he will be able to do complete X-Ray examinations in the office which will be operated on referrals from other physicians.

Dr. Lorenzo is a graduate of Santa Domingo University in the Dominican Republic, he interned at Springfield Hospital in Massachusetts and took his training in General Radiology, Nuclear Medicine and Therapy at Grace Hospital in Detroit, also two years of Neuroradiology at the New York University in New York City. He is presently Chief of the Radiology Department at Mercy Hospital in Grayling.

News of Good Things Growing...

Take advantage of Michigan's usually beautiful fall weather to visit our state's 'fruit belt'. Good things growing in Michigan along the western part of the state include eight major fruit crops which earned farmers \$158 million last year, according to the Michigan Department of Agriculture.

Because of the influence of Lake Michigan, especially in the southwestern counties, our state is one of the major fruit producing states in the nation.

Fall apples, third largest production in the nation; grapes and purple plums, fourth;

pears, fifth; and peaches, seventh largest national production; are currently being harvested.

Apple growers picked 680 million pounds in 1979, primarily Jonathan, Red Delicious, McIntosh, and Northern Spy (these account for 77 percent of all apples produced in the state). Other major varieties are Golden Delicious, Rome Beauty, Cortland, R.I. Greening, Stayman and Wine-sap. This is prime time for sampling many varieties of all fruits and, of course, bringing some home to can, freeze, or eat out-of-hand.

An estimated 117 million pounds of grapes were harvested in 1979. Concord grapes are our state's leading variety, accounting for about 90 percent of the crop. Most of these grapes are used for making commercial juice and jellies.

An estimated 865,000 Michigan peach trees of all ages produced a 35 million pound crop last year. As with most fruit crops in 1979, severe winter and spring weather caused a

major volume reduction. Predictions for this year's fruit harvest are good, with most fall fruit yields expected to increase from last year's totals.

Bartlett's comprise 87 percent of the state's total pear crop. Total production was 28 million pounds in 1979. Pears are picked while still firm, when less damage is likely to occur in transportation, so leave pears at room temperature for a few days to ripen.

Two major varieties of plums are grown in Michigan, the Stanley and Bluffe-both purple Italian prune plums. Growers harvested 28 million pounds of plums last year.

Harvest of these fall fruits continues through October, leaving usually less when you visit the farm or pick-your-own. For a free copy of MDA's Country Carousel, a listing of roadside markets and pick-your-own farms, write MDA's Communications office, P.O. Box 30017, Lansing, 48909.

Cystic Fibrosis Kills The Young Alert To Parents:

September 21-27 is National Cystic Fibrosis Week. The purpose of the week is to increase public awareness and understanding of cystic fibrosis (CF), the number one genetic killer of young people in the United States.

Many of the signs of CF are common to other respiratory and digestive disorders—if your child has any of the following signs, do not assume he has CF, but do consult with your doctor about the possibility of CF. Early diagnosis and treatment help to prolong lives, so be alert to:

- Recurrent wheezing;
- persistent coughing/excessive mucus;
- Pneumonia more than once;
- Excessive appetite/poor weight gain;
- Clubbing (enlargement) of the fingertips;
- Salty taste to the skin;
- Bulky stools;
- Nasal polyps.

For further information about cystic fibrosis, contact: Cystic Fibrosis Foundation, Greater Michigan Chapter, P.O. Box 6005, 6370 Normandy Drive, Saginaw, Michigan 48608; 517-793-8383.

Kirtland's Entertainment Series Begins With Bud Guest

**Frederic
Satellite**

September 5th at 1:00 p.m. the Senior Citizens of Frederic and Maple Forest will be holding their monthly meeting at the Frederic Elementary School with a nice dinner and get together.

We have a speaker coming from the Traverse City Social Security Office to speak to you about Social Security, Medicare, Medicaid, and S.S.I. Following his presentation you are invited to ask questions.

June Feldhauser will be there and also Howard Schmidt to lead us in a lively sing along.

Elsie Larson, R.N. will take blood pressures beginning at 12:30 p.m.

Please call Eva Hulbert, your Outreach Worker, and make your dinner reservations so we bring enough food from the Center.

See you all there September 5th.

Lora Gould

Kirtland will kick off its entertainment 80-81 series this Friday, Sept. 5th. The first event offers a special opportunity to fans of Bud Guest (Edgar A. Guest Jr.). They will be able to hear his friendly voice in Kirtland Community College's auditorium at 8:00 p.m. To those who remember his radio show, "On The Sunny Side of the Street", which was aired for 36 years on WJR, he is considered almost an institution in Michigan. His audiences have included professionals as well as housewives, teen-agers, farmers and senior citizens.

The son of the late Edgar A. Guest, Michigan Poet-Philosopher, Bud Guest graduated from the University of Michigan with a major in Journalism. In 1934 he joined the Detroit Free Press as a reporter and later became City Editor. While working at the Free Press, he became a newscaster on WJR in the early mornings.

After returning as a naval officer during World War II, he focused on his radio career at WJR where he originated and developed the radio program which became one of the most popular morning shows in the Midwest.

After Bud Guest's presentation on Friday evening, the members of the audience will have an opportunity to meet him at an informal reception where refreshments will be served.

General admission tickets are \$3.50 or \$2.00 for senior citizens and KCC students. (For information about season tickets call (517) 275-5121).

Around the World With Steve Rison

EDITORS NOTE—This is part one in a five part series covering Steve Rison's trip "Around the World".

It has been a busy but satisfying two months since I left the hospital and began my tour of Europe. The reunions have been super and the experiences memorable. Everything has been going well except the weather—rain most of the time—reputed to be the worst summer in Europe in decades. It appears, however, that weather conditions in parts of the U.S. are none too desirable either.

This chapter began as I headed out from Koblenz, Germany and headed north towards Cologne then on to Bremen, Germany to rendezvous with Fritz and Ushi, two friends whom I camped with in the Fiji Islands back in November. We spent a fine week together in Bremen and the surrounding area making a trip to Friesland for a traditional Friesian dinner and then spent a most enjoyable weekend at their farm. Their traditional red-brick farmhouse dating back to the 1840's, was rented collectively with other folks from the city who also were looking for a peaceful place to retreat. Bremen, nevertheless, I found to be one of the nicer German cities with many historical buildings and neighborhoods and an overall comfortable atmosphere. The pubs aren't bad either.

The following week was spent with Heinz, Ilse and Nina, the friends who visited Grayling a couple of years ago. We enjoyed reminiscing over their month of travel in Northern Michigan. They live in Hamburg, which is a large industrial city and not particularly interesting to me. However, Heinz and I one day took a ride to the East German frontier only about 50 miles to the east, and that turned out to be an extremely unique experience. The first stop was uneventful and only presented the stark and depressing reality. We moved on to another point, a railroad crossing for another view and happened upon a group of West German immigration officers who invited us to join them for a more detailed examination of the border. At a place near the crossing we were able to observe some East German soldiers face-to-face about 10 ft. They were guarding construction workers who were leveling an area this side of the electrified fences in order to give the watch towers a better field of vision. I got into a "shooting match" with one soldier as I took pictures of him while he took pictures of me. Heinz, Heinz's car and the West German immigration. Heinz, to be sure, will probably never be able to visit the Eastern sector again but he wasn't desirous of that anyway. We were later informed that while we were

taking pictures, another East German soldier was observed lying in the field with a gun pointed and ready lest anything unusual occur—namely that his compatriot should attempt to defect. We were told that there are always 2 or 3 soldiers together for the reason that they should keep an eye on each other as well as the border. It was interesting to observe all the sophisticated apparatus—automatically triggered spray machine guns, mine fields, watch towers, etc., but depressing when you realize they are there to imprison a nation of ordinary people.

After a couple of hours we headed north to much more pleasant scenes of neatly designed red-brick country villages and bountiful fields. In a couple of these villages we observed storks in their nests on a roof-top and an old smokstack and learned that they have been returning to these same villages from their winters in Africa for hundreds of years.

Notice of Public Hearing

Notice is hereby given that a public hearing will be held by the Crawford County Board of Commissioners at the County Building at 1:00 p.m. September 24, 1980 to afford an opportunity for interested persons to be heard with respect to consideration of Section 504 Transition Plan for Crawford County Public Transit (Dial-A-Ride). In response to the Rehabilitation Act of 1973, (and a 1976 Presidential Executive Order) the U.S. Department of Transportation (USDOT) issued its required Section 504 rules on May 31, 1979. These rules which were effective July 2, 1979 are basically civil rights rules. They mandate various actions and establish a process that will assure handicapped citizens equitable access to the vehicles/facilities, programs/services and employment opportunities of a transit operator that receives USDOT monies.

Attend the Church of Your Choice

Symbol of Safety

You never mistake the meaning of a Church spire.

Even to those who are cold to the ideals for which the Church stands, that finger of faith always points to something that is comforting, reassuring, safe.

The very presence of a Church, whether in a crowded city street or on a quiet country road, is a benediction to all, including those who are not conscious of worship.

Such an influence, with what it means to those who open their hearts to truth, is worthy of a second thought. It merits acceptance as a refuge. It commands confidence as a port in time of storm.

The Church deserves your support — your membership — because it affords real protection for the family whose welfare it is your duty to defend and whose proper upbringing is your solemn obligation.

FORM VIKING BACKBONE—This group of returning lettermen will form the backbone of the Viking gridiron unit this season, and are shown with coach Don Ferguson, kneeling left. They are, front row (left to right): Richard Lange, Bill Fairbotham, Todd Gohnick, Eric Chrisman and, far right, Tim Emerick. Back row (from left): Scott Dunckley, Bill Roach, Steve Allen, Jay Schrader. (Photo by Michael Delp)

Vikings

(Continued from Page 1)

performance Friday night, "it's a learning situation where everybody gets a chance to play." Thirty-four Vikings dressed to make the trip to Coleman, located near Gladwin some 75 miles away.

Klinger described the scrimmage this way: "We had a chance to run a total of 120 plays against three teams, 60 on offense and the same number defensively. It gave us a chance to brush up on some things we've tried during practices, and to test some ideas we've been working on."

The coach reported that running backs Bill Roach, Brian Yoder and Dan Lucksted all looked impressive on Friday. "They looked good," he remarked. Quarterbacks John Juntilla and Ted Methner both threw the ball well according to the Klinger, but had timing problem. "We need to work on a quicker release from these fellas," he concluded after watching Friday's drills, "but that's what a scrimmage is all about."

Klinger said the offensive line looked good, with solid blocking from center Jack Money, tight end Scott Dunckley, tackle Jay Schrader and guards Craig Colten, Paul Brackenbury and Bill Williams.

The Grayling defensive team surrendered only two TD's all night, said Klinger, who credited Viking "Bandits" Brad Trenary and Tim Emerick, linebacker Bill Fairbotham and defensive halfback Jamey Radebaugh for contributing to the squad's solid look. The coach said Lucksted, Schrader and Methner also played key roles in the defensive strength shown Friday. "We gave up the big plays on several occasions though," he complained as he qualified his praise, "and we're going to work on that problem this week."

The Vikings will tangle with arch-rival Roscommon next week in Buck territory before launching conference play September 19th here at home against Boyne City. Klinger and assistant coaches Mike Branch and Don Ferguson look to Class B schools Cheboygan and Gaylord as league powerhouses again this year. The Chiefs romped to the league crown last year with a perfect 9-0 mark, while the Blue Devils were not on their heels at 8-1. The Vikings lost to both clubs enroute to a 7-2 record, the squad's best in recent memory.

The pieces of the uncertain pigskin puzzle should fall into (or out of) place about mid-week, perhaps Wednesday, so keep your fingers crossed about

Friday night's possibilities. If the Vikes get the green light, be on hand for the 7:30 p.m. kickoff at the high school field, but for certain take in the JV contest on Thursday. That game starts at 7 o'clock. Fall and football fever are right around the corner, folks.

Economy

(Continued from Page 1)

businesses are enjoying one of their best summers ever. The number of persons crossing the Mackinaw Bridge this summer was slightly down in June, but more drivers are pulling their tent trailers and travel vehicles over the bridge in July and August than the number that crossed the "Big Mack" last year.

One theory is that those persons who had planned trips to the Western states is search of wilderness and wide open spaces decided to stay home this summer, and chose the similar terrain of the Upper Peninsula instead. I'm sure few have been disappointed.

This encouraging report from the Travel Bureau is welcome news, since we could not afford a downturn in our tourist industry. It proves one thing: no matter how bad things get in Michigan, people still enjoy seeing the many sights of our beautiful state.

WHAT'S THAT?

YOU'D LIKE TO BORROW

\$6,000, FOR A

NEW CAR?

YOU'VE GOT IT!

Buying a new car is often a spur-of-the-moment thing. You can walk into a showroom only curious and come out as a proud new car owner. Just like that.

Your credit union knows this happens a lot and has geared its auto loan service accordingly. What it means is that we're always on standby with the money you'll need on hand... ready to put it in your hand. And a fast call from you is all it takes.

Of course, if you know ahead of time when you're going to be buying a car, we'll also be glad to set your loan up before you go shopping.

Either way, you've got it! A fast, low-cost auto loan from your credit union.

Legal Notice

STATE OF MICHIGAN
In the District Court for
The County of Crawford
File No. LT 80 029
MPG Partnership, Plaintiff
vs.
Mark Dale Bertossi and
Carol June Berry, Defendants

ORDER

Petitioners motion for an order allowing service of process by publication upon defendants Mark Dale Bertossi and Carol June Berry having been heard, and an affidavit filed in support of said motion having been considered, the court finds that service of process by publication provided for under DCR, 106 is necessary as the whereabouts of the defendant(s) and their residence (is) unknown; that the defendant(s) probably reside outside of the State; and that a summons and complaint has been returned showing that service of process cannot be made in the County where the defendant(s) previously resided.

NOW, THEREFORE, the defendant(s) Mark Dale Bertossi and Carol June Berry, are hereby notified that a civil action has been commenced against them for forfeiture of a certain land contract dated June 13, 1979 between the parties hereto for the following described property, to wit:

Parcel B: Part of the North 1/2 of the Southeast 1/4 of the North-east 1/4 of Section 16, Town 28 North, Range 3 West, Maple Forest Township, Crawford County, Michigan. Commencing at the Northeast corner of said Section 16, thence S14°06'E (along the section line) 1483.88 feet to the P.O.B., thence continuing S15°06'E 164.87 feet, thence N89°35'11"W 659.77 feet, thence N0°55'24"W 164.82 feet, thence S89°35'28"E 659.26 feet to the P.O.B. Containing 2.5 acres.

AND that, if you desire to defend same, you are required to answer or take such other action as may be permitted by law with regard to the complaint filed against you, in the District Court for the County of Crawford on or before September 9, 1980 at 1:00 o'clock in the afternoon. If you fail to do so, judgment by default will be taken against you for the relief demanded in the complaint.

Approval of minutes;
MOTION by Bidvia, second by Halstead, that the minutes of the meeting of 7/23/80 be approved as printed. All Ayes. Carried.

Chairman Mattis read a letter to the Board from the County building & zoning Director Rutkowski, in which he is criticizing several County personnel in their handling of a zoning violation ordinance. After some discussion, the Chairman asked that the Board meet with Mr. Rutkowski at the Planning Commission meeting & get this matter resolved.

Treasurer Wakeley spoke to the Board at this time in regards to the audit of the County Revenue Sharing funds. Advised the Board he has received bids from several CPA's for this audit.

MOTION by Nowak, second by Bidvia, that bids received for the audit of all County Funds and/or those funds affected by the receipt of Federal Revenue Sharing monies be referred to the Finance Committee for review. Further, the awarding of the bid to be approved by the Board of Commissioners on 10/14/80 for audit work to be completed between 10/14/80 and 3/31/81 and that the conduct or completion of the proposed audit is specifically conditioned upon whether the requirement for such audit is ultimately eligible for a waiver. All Ayes. Carried.

Discussion on the purchase of the Itek machine for the Register of Deeds office.

Attorney Nelson Miles came before the Board & presented them with the contracts for the construction of a storage building for the County.

MOTION by Halstead, second by Neilson, that the following Resolution be adopted. Roll Call: All Ayes. Carried.

RESOLUTION OF

CRAWFORD COUNTY BOARD OF COMMISSIONERS

At a meeting of said Commission held at the Crawford County Building this 12th day of August, 1980.

WHEREAS, the County of Crawford, by and through its County Board of Commissioners, is authorized to enter into a contract or agreement for the purchase of property and erection of a certain building thereon to be used for public purposes (and specifically for the storage of County equipment), which is to be paid for in installments over a period of not more than ten (10) years or for the useful life of the property, whichever is less, for a sum not to exceed Forty-three thousand (\$43,000.00) Dollars; and

WHEREAS, the Crawford County Board of Commissioners shall include in its budget and pay the sums necessary each year to meet the payments of the installments, including interest, when they become due. This Resolution is passed in accordance with M.C.L.A. 46.11b and M.S.A. 5.332(1).

NOW, THEREFORE, it is moved and supported that the foregoing Resolution be adopted by the Crawford County Board of Commissioners, the following members being present and voting therefor:

Yea 7 Nay 0

Dated this 12th day of August, A.D. 1980.

Lawrence Mattis, Chairman
Leo E. Lovely, County Clerk

Mental Health report by Kitchen;

Finance report by Kitchen; Committee is in the process of completing budgets for 1981.

Finance continued: Your Committee on Finance would respectfully submit the following as their report & do hereby recommend that the several amounts scheduled herein be allowed & that the Clerk of this Board be authorized to draw orders on the County Treasury;

MOTION by Kitchen, second by Bidvia, that the report of the Finance Committee be approved in the amount of \$32,095.88 and the Airport bills in the amount of \$10,373.37 also be approved. Roll Call: All Ayes. Carried.

NEMCOG report by Kitchen.

Old Business items to be placed on the Agenda again for the next Board meeting.

Dave VanHill spoke to the Board on the matter of the AIS home to be placed in the Clough subdivision. He's asking the Board to support all the people in that subdivision who are opposed to the placement of this home there. Much discussion followed. Commissioner Kitchen advised the Board that she will be attending a Mental Health meeting on Thursday & she will advise that Board of this opposition.

Discussion held on the additional cost for the new storage building. It will need electric door openers & a concrete ramp with guide posts. Greenville Construction Company has submitted a bid for these.

MOTION by Miller, second by Halstead, to accept Greenville's bid for 2 electric door openers at \$798.20; a 4' x 80' concrete ramp at \$775.00; and guide posts at \$550.00; this in an addition to the bid already submitted. Roll Call: All Ayes. Carried.

This additional cost was already incorporated in the installment contract approved earlier.

5 minute recess.

Discussion held on the making of appointments for the Commissioners meetings. Anyone wishing to be on the agenda must have their name submitted to the Clerk's office by the Friday prior to the Tuesday meeting & by Monday, prior to the Wednesday meeting. Clerk to post this notice for the public.

The AFSCME employees in attendance at this time were Bill Borchers, Carol Conklin, Chuck & Joyce Easterly, Blanche Miller, Beth Money, Sandy Moore, Irene Peterson, Carol Wieber.

Spokesman Borchers asked the Board to consider the proposal's that these Union members would like. They felt they might get further by coming to the full Board as the Union Negotiations Committee has reached a stalemate. Asking this Board as a whole to accept this proposal of a 7% increase across the Board for 2 year contract. The Board advised this group that they have to come up with the monies before they can grant any increase of that size. Many questions asked by the various employees. Much discussion followed. The Board advised these employees that this matter will be handled by the Union Negotiation Committee & their Attorneys. There is no action this Board can take at this time. There will be another Union Negotiation meeting set for September.

Commissioner Miller excused at 5:30 p.m.

County Clerk Lovely came before the Board on several matters. His office is in need of a full-time employee instead of the part-time person he has now. Also has a cost estimate on the cleaning of the typewriters in the building. And the roof on the Secretary of State building needs repair. No action taken on these matters.

As there is no further business to come before this Board, MOTION by Halstead, second by Neilson, to adjourn.

Chairman adjourned the meeting at 6:00 p.m.

Chairman Mattis advised the Board that Commissioner Miller of the Insurance Committee had left a recommendation with the Board that we not change insurance companies at this time. Board agreed. Mr. Ken Fink stopped in the meeting & the Board advised him of their decision.

At this time being 4:00 p.m. the Board members removed themselves to the big meeting room to accommodate many area residents from the Ar. Clough Subdivision now in attendance. The main objective of these citizens is that they are opposed to the placement of one of the AIS homes in their subdivision. The views & comments heard from all in attendance. It was finally resolved that the Board will contact the State & advise them of a petition left with the Board with some 41 signatures on it opposing this proposed site of this AIS home in the Clough subdivision.

Meeting resumed in the Commissioners office at 5:00 p.m. with a 5 minute recess.

Chairman Mattis advised the Board that the printing be done by the Avalanche for the Board is complete & the billing that will be submitted is going to be more than the Budget anticipated, the extra cost to be taken from the Commissioners budget, line item mileage. Chairman also had a letter from the Dist. Health Dept. regarding the Substance Abuse Agency requesting time to appear before the Board. Chairman will contact them to appear at the next Board meeting.

Commissioner Kitchen advised the Board that she has talked with Attorney Miles regarding his position with the Board & he assumed he was still representing the Board. Commissioner Kitchen would like a letter of apology sent to Mr. Miles on behalf of the Board, & request that he still represent the Board on Teamster matters.

Road Commission Minutes

August 15, 1980

A regular meeting of the Crawford County Road Commission was held in their office in Grayling, Michigan. Chairman Richter presiding. Present were: Chairman Ervin Richter, Commissioners Grover Cason and Gloria Kraus, Engineer-Manager John Keir, and Secretary Lorna Bernard. Absent: None.

The minutes of the last regular meeting were read. Chairman Richter made a motion to accept the minutes with corrections, seconded by Commissioner Cason. All voted in favor, minutes approved.

Attorney Douglas Dosson appeared before the Board with a hearing decision from the Arbitration Board regarding an employee.

Mr. Dosson also discussed with the Board, a pending law suit and other legal matters.

Engineer-Manager Keir discussed with the Board the need for a Bituminous Pad for the storage of county sand and salt. The Board instructed Manager Keir to proceed with the construction providing "blacktop" is obtainable.

Engineer-Manager Keir reported to the Board regarding a meeting that had been held on August 13, 1980 with the Michigan Department of Transportation representatives and Ron Herneke on the Four Mile Road project. He informed the Board that the project would probably be let for bid early in 1981.

Two permits were received and approved by the Board from Michigan Consolidated Gas Company to extend services; one on King Road, the other on Manor Drive.

Engineer-Manager Keir reported to the Board that Cliff Halliday will begin gravel exploration for the County needs upon receipt of State Use Permits.

The Board recessed for lunch and before returning to the office to convene their meeting, went on a tour of inspection of Pollak Bridge. After returning to the office, the Board agreed with Engineer-Manager Keir the need to clean and repair the deck of the bridge and provide guard rail protection.

The Board instructed Engineer-Manager Keir to prepare the bids

15 Crawford County Avalanche Thursday, Sept. 4, 1980

for the Winter Sand needs.

The Board discussed the Martindale Brine Well and the installation of the new tank. It was understood that Osceda County will install the tank and pad to prepare it for use.

Winter maintenance of Beasley Avenue was discussed. The Engineer-Manager was instructed to prepare an estimate for minimal clearing and grading. Also, contact the Township Supervisor for fund participation.

In response to a verbal request for the Road Commission to assume jurisdiction over a private road Over Hill Drive, it was emphasized that former policy required a transfer of right-of-way and the road to be constructed to present subdivision standards.

There being no further business, a motion was made and supported to adjourn. All voted in favor, motion carried, meeting adjourned.

SCHOOLS OPEN—DRIVE CAREFULLY—Head Coach Monte Clark called time out during a recent Detroit Lions practice to help 10-year-old Brian Duke kick off Automobile Club of Michigan's "School's Open-Drive Carefully" campaign in 4,200 Michigan schools. Clark, who is an honorary safety patrol, urges motorists to be extra alert for youngsters when most Michigan schools reopen Sept. 3. Last year, 1,879 pedestrians between the ages of five and 14 were killed or injured in traffic. Brian is one of almost one million elementary pupils in the state who will be traveling to and from school this year.
